1635 Airport Dr.  
Jackson MS 39209

01 July 2014

MEMORANDUM FOR RECORD

FROM: MSWG/CC

SUBJECT: Light Bars

1. Light bars shall not be permanently mounted on COV's. The use of temporary warning lights such as magnetic or suction cup mounted warning lights or light bars is approved for use when appropriate to enhance safety and visibility. Appropriate use includes but is not limited to driving on airport ramp and runway surfaces, when parked on or adjacent to roadways for the purpose of Emergency Services activities, when working with aerial search assets for vehicle identification, other times as required by law or in the judgment of the Officer in Charge is necessary to enhance safety.
2. Please direct any questions to the MSWG/DOS.

A handwritten signature in cursive script, appearing to read "M. Woodcock".

MALLORY D. WOODCOCK, Colonel, CAP  
Wing Commander
